- Since this is a joint meeting between the Selectboard, The Parks Commission, and the Disability Commission, at 6:02PM, selectboard chairman Barur Rajeshkumar instructed each Board to open their respective meetings. Kim Hopewell opened the Disability Commission meeting at that time.**
- The meeting was restricted to two concept design options for the playground. The first option was for a small playground, the second option for a larger one. After discussion and input from the audience, both the Selectboard and the Parks Commission voted unanimously to opt for the large playground.**
- A lengthy discussion then ensued by the Selectboard regarding funding options.**
- The Disability Commission made no comments during the meeting.**
- The meeting ended at 7:29PM. Ron Menard made a motion to adjourn, seconded by Marcia Cairns. Unanimously approved, except for Pat Crowley, who was sitting at the selectboard table.**

**Respectfully Submitted,**

**Ron Menard, Secretary**
