**SPECIFICATIONS  
DRAINAGE MATERIALS**

**ITEM A. CATCH BASIN FRAMES & GRATES:**

Shall meet Massachusetts Highway Department Standard Specifications M 8.03.0. Shall be American made and designed for H-20 loading. Dimensions required shall be square 24x24 inch slotted grate. Frames shall be 4, 6, and 8 inches to flange.

**ITEM B. MANHOLE FRAMES AND COVERS:**

Shall meet Massachusetts Highway Department Standard Specifications M 8.03.0. Shall be American made and be designed for h-20 loading. Dimensions, 32 inch diameter opening. Frames shall be 4, 6 and 8 inches to flange. Vertical wall shall contain flange-bearing webs. Cover shall be standard diamond surface.

**ITEM C BAGGED PORTLAND CEMENT**

Standard M. 4.01.0 and AASH to M 85.

**ITEM D MASONRY BLOCK**

Shall meet Massachusetts Highway Department Standard M4.05.1 minimum compressive strength per unit of 2500 PSI ASTM C-139. Blocks should be priced per unit.

**ITEM F Town Electrician**

Qualified candidates must be fully licensed and insured to provide electrical services throughout the fiscal year on an on-call basis. The electrician must be able to secure the necessary permits to do all necessary work, to complete the work, and will also be responsible to secure the necessary inspections. Prevailing wage must be paid to employees of the electrician; however, the owner need not charge prevailing wage for his/her own time. Bids must be presented in a time and materials basis (T&M) and the hourly wage bid for time will be used throughout the fiscal year. Materials lists will vary depending on the job and must be reviewed with the Director of Public Works in advance of each on-call job. Final payment for each job will not be paid until the required inspections have been passed.

**ITEM G Town Plumber**

Qualified candidates must be fully licensed and insured to provide plumbing services throughout the fiscal year on an on-call basis. The plumber must be able to secure the necessary permits to do all necessary work, to complete the work, and will also be responsible to secure the necessary inspections. Prevailing wage must be paid to employees of the plumber; however, the owner need not charge prevailing wage for his/her own time. Bids must be presented in a time and materials basis (T&M) and the hourly wage bid for time will be used throughout the fiscal year. Materials lists will vary depending on the job and must be reviewed with the Director of Public Works in advance of each on-call job. Final payment for each job will not be paid until the required inspections have been passed.
