Mr. Hadley convened the special meeting at 3:20 p.m. in the Council on Aging, 127 Hartwell Street, West Boylston.

Discussion and Decisions:

1. Motion Mr. Crowley to approve, and have the Chair sign, the following C90 Project Request applications: Malden Street/Crescent Street – Engineering: \$33,296 and Malden Street/Crescent Street – Construction: 310,455.50, seconded by Mr. McCormick.

Discussion ensued regarding the request of a resident in the project area to have a sewer line be installed in the roadway prior to paving to prevent the need for digging up the roadway at a future time. The Board agreed that it is not feasible to do this at this time, and any project will have to wait a minimum of five years after the date of paving. It was also discussed that the Zingerelli household wanted to get a water connection installed for his home prior to paving. The Board had previously advised this resident that he had until May 1st to get this done. The Board asked that a letter be sent to Mr. Zingerelli stating he had 30 days to get any water connection installed, as it is expected that the road construction will be ready to be bid in about one month and completed early this fall.

Vote on the motion - all in favor.

With no further business to come before the Board, motion Mr. McCormick at 3:35 p.m. to adjourn, seconded by Ms. Bohnson, all in favor.

Respectfully submitted,

Approved: June 15, 2016
