Isn't it about time you were rewarded for
making smart health care choices?

Fallon SmartShopper is an incentive program created to help Fallon Health members save money on their health care choices. How do you save money? You search for the procedure or service with Fallon SmartShopper, and the program provides you with a list of cost-efficient options where you can go to receive care and qualify for an incentive reward.* To help you get started, we've listed some of the most commonly requested procedures and services and the incentive rewards for each on the table on the other side of this flyer. "\$\$\$" provides the largest incentive rewards and "\$" the lowest. Regardless of which provider you select, you will receive similar quality in care. To begin shopping smarter for health care, and to see the complete list of procedures and services and their incentives, go to fallonhealth.org/members, and click on the Fallon SmartShopper link.

Many services require prior authorization. If you choose a facility different than where your doctor has referred you, your doctor will need to contact Fallon to receive a new prior authorization for that service/procedure at the facility you plan to go to. Call 1-866-228-1525 for more information. Receiving a cost with Fallon SmartShopper does not mean your service or procedure is authorized. You must shop prior to receiving a service or procedure and use a cost-effective selection to be eligible for an incentive reward. Allow up to eight weeks after you receive your service or procedure to receive your incentive reward check. Please note that all incentive rewards are considered taxable by the Internal Revenue Service (IRS). Fallon SmartShopper reports accumulated incentive rewards of over \$600 to the IRS and will provide the appropriate tax information to you at the end of the year.

Fallon Health complies with all applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex.
