2023 Road Moratorium Streets

Roads paved within the past five years shall be subject to a street opening moratorium, except in emergency conditions as determined by the Superintendent of Public Works. In such circumstances, the DPW may require that the permanent patch be treated by a process (i.e. infrared, microwave, or curb to curb or other extensive restoration) that will ensure that the patch is integrated into the existing bituminous surface in a seamless manner. The DPW will consider petitions to waive the five-year moratorium on a case-by-case basis.

Street	From	To	Year Completed	Moratorium End Date
Crescent Street	School Zone	Thomas	2018	2023
Franklin Street			2020	2025
