Coverage Gap†

The Coverage Gap starts once covered Medicare prescription drug expenses have reached the Initial Coverage limit. Here’s your cost-sharing for covered Part D drugs between the Initial Coverage limit until you reach $5,100 in prescription drug expenses:

Your former employer/union/trust provides additional coverage during the Coverage Gap stage for covered drugs. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage.

Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

Catastrophic Coverage

Your share of the cost for a covered drug will be 5% but not greater than the cost share amounts listed in the Initial Coverage Stage section above.

Catastrophic Coverage benefits start once $5,100 in true out-of-pocket costs is incurred.

Non-Part D Drug Rider

- Agents when used for the treatment of sexual or erectile dysfunction (ED)

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply. To find a network pharmacy, you can visit our website (http://www.aetnaretireeplans.com).

Quantity limits and restrictions may apply.

The formulary, pharmacy network and/or provider network may change at any time. You will receive notice when necessary.

July 2018 17913_1
Your coverage is provided through a contract with your former employer/union/trust. The plan benefits administrator will provide you with information about your plan premium (if applicable).

If you reside in a long-term care facility, your cost share is the same as at a retail pharmacy and you may receive up to a 31 day supply.

Members who get “extra help” don’t need to fill prescriptions at preferred network pharmacies to get Low Income Subsidy (LIS) copays.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered “mail-order pharmacies.” So, most specialty drugs are not available at the mail-order cost share.

You must continue to pay your Part B premium.

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call 1-888-792-3862, (TTY users should call 711) 24 hours a day, seven days a week, if you do not receive your mail-order drugs within this timeframe. Members may have the option to sign-up for automated mail-order delivery.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna’s preferred drug list. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.
†Your former employer/union/trust provides additional coverage during the Coverage Gap stage for covered drugs. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage. Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

Coinsurance is applied against the overall cost of the drug, before any discounts or benefits are applied.

Aetna’s retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for “off label” use, (any use of the drug other than indicated on a drug’s label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:
• Drugs used for the treatment of weight loss, weight gain or anorexia
• Drugs used for cosmetic purposes or to promote hair growth
• Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
• Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
• Drugs used to promote fertility
• Drugs used to relieve the symptoms of cough and colds
• Non-prescription drugs, also called over-the-counter (OTC) drugs
• Drugs when used for the treatment of sexual or erectile dysfunction

Your Plan Includes Supplemental Coverage (Non-Part D Drug Rider)

Your Plan Includes a Supplemental Benefit Prescription Drug Rider. Certain types of drugs or categories of drugs are not normally covered by Medicare prescription drug plans. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs.” This plan offers additional coverage for some prescription drugs not normally covered. The amount paid when filling a prescription for these drugs does not count towards qualifying for catastrophic coverage. For those receiving Extra Help from Medicare to pay for prescriptions, the Extra Help will not pay for these drugs.

Non-Part D drugs covered under the Supplemental Benefit Prescription Drug Rider are:

• Agents when used for the treatment of sexual or erectile dysfunction (ED)

Below is a list non-Part D drugs that are not covered under the Supplemental Benefit Prescription Drug Rider:

• Agents used for cosmetic purposes or hair growth
• Agents used to promote fertility
• Agents when used for anorexia, weight loss, or weight gain
• Agents when used for the symptomatic relief of cough and colds
• Non-prescription drugs
• Outpatient drugs for which the manufacturer requires associated tests or monitoring services be purchased only from the manufacturer as a condition of sale
• Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations

Non-Part D drugs covered under the rider can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible, initial coverage limit or true out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan. The physician can call Aetna for prior authorization, toll free at 1-800-414-2386.

You can call Member Services at the number on the back of your Aetna Medicare member ID card if you have questions.

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.

You can read the Medicare & You 2019 Handbook. Every year in the fall, this booklet is mailed to people with Medicare. It has a summary of Medicare benefits, rights and protections, and answers to the most frequently asked questions about Medicare. If you don’t have a copy of this booklet, you can get it at the Medicare website (http://www.medicare.gov) or by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

You can also visit our website at www.aetnaretireeplans.com. As a reminder, our website has the most up-to-date information about our provider network (Provider Directory) and our list of covered drugs (Formulary/Drug List).

This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, premium and/or co-payments/co-insurance may change on January 1 of each year.
Plans are offered by Aetna Health Inc., Aetna Health of California Inc., and/or Aetna Life Insurance Company (Aetna). Not all health services are covered. See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.

If there is a difference between this document and the Evidence of Coverage (EOC), the EOC is considered correct.

Information is believed to be accurate as of the production date; however, it is subject to change. For more information about Aetna plans, go to www.aetna.com.

Please contact Customer Service toll-free at 1-800-594-9390 (TTY: 711) for additional information. Hours are 8 a.m. to 6 p.m. local time, Monday through Friday.
